

ROGUE VALLEY ACTIVE TRANSPORTATION PLAN

What

Active transportation refers to any form of **human-powered transportation** that engages people in healthy physical activity while they travel from place to place. People walking, bicycling, running, using wheelchairs/mobility devices, skateboarding, and rollerblading are engaged in active transportation.

Jackson County is serving as the lead agency in the development of the Rogue Valley Active Transportation Plan (RVATP). The purpose of the RVATP is to identify regional networks for active transportation that provide connections between cities and connections to transit, activity centers, and locations of major employment and housing.

How You Can Participate

Keep an eye out for more information about our in-person and online open houses currently scheduled in September 2018, January 2019, and June 2019 where we will be seeking public input.

For project updates and meeting announcements, check out the project website:

www.walkbikeroguevalley.com

Why

The Rogue Valley recognizes benefits of having a safe and complete active transportation system. Walking, bicycling, and accessing transit can enhance public health, improve access for people who cannot or choose not to drive, and improve the livability of our neighborhoods. The RVATP aims to identify the missing links and barriers between key destinations to encourage the use of active modes of transportation and identify improvements to further promote their use within and between Rogue Valley communities.

PUBLIC INVOLVEMENT SCHEDULE OVERVIEW

Below is the anticipated schedule of key meetings and public involvement activities.

TIMEFRAME	TYPE OF MEETING	MEETING OBJECTIVES
2018		
September		TAC/CAC #1 Review the existing conditions summary, the policy and planning context; provide input on project vision and goals.
October		Online open house #1 Get feedback on project vision and goals, gather input related to key community destinations and active transportation needs and barriers.
2019		
January		TAC/CAC #2 Review regional routes for walking and bicycling, help identify the regionally significant local connections, weigh in on identified needs.
January		In-person open house #1/Online open house #2 Share what we've learned and gather input on draft network of regional walking and biking routes, help identify additional regionally significant local connections.
April		TAC/CAC #3 Review bicycle and pedestrian improvement needs, review regional level of traffic stress map, provide input on prioritization for selecting and funding projects, and weigh in on design guidance toolkit.
June/July		In-person open house #2/Online open house #3 Share what we've learned and planning progress to date, get feedback on prioritization of active transportation needs and potential projects for inclusion in the plan.
September		TAC/CAC #4 Review and provide feedback on initial draft of the Rogue Valley Active Transportation Plan.
October		RV TAC Solicit final feedback on the Rogue Valley Active Transportation Plan.
October		RV PAC Solicit final feedback on the Rogue Valley Active Transportation Plan.
October		RV MPO Solicit final feedback on the Rogue Valley Active Transportation Plan.
